

Friday, June 12, 2020

Dear FPCP Family and Friends,

We are counting down the days, the hours, the minutes before we can return to our... hairdresser.

June 15th cannot come soon enough! Many people have commented that they feel like they are reliving the 70's with their shaggy hair. I would echo that sentiment as I feel as though I have been channeling Crystal Gayle. Obviously, my hair is not that long but it FEELS THAT LONG. I'm not even going to touch the need for color.

Now obviously, there are greater challenges going on at the world at this time. The pain, suffering, and hurt that so many endure is real.

On top of all of these substantial issues, we are all left wondering, myself included, when the church will re-open for live services and regular programming?

Please know that our church's COVID TASK FORCE is working very hard to come up with a plan that allows us to open safely and responsibly.

I would ask for your patience and prayers in this on-going process.

All being well, this plan will be announced by the end of this month after we solicit the input and approval of Session.

Until then, let's focus on what we can control. Our hair. Take advantage of the opportunity to look like yourself once again. Take the opportunity to thank your hairdresser for all that they do and remind them that you did not realize how important they are for your own health and well being. Thank you, Anna!

Romans 12:12 says: "Be joyful in hope, patient in affliction, faithful in prayer."

I am praying for you and thanking God for your faith,

*Emily*
