

Let's Recycle!

Please look for the small, blue recycle bins throughout the church — in the Narthex, Upper Room, Dining Room, upstairs kitchen and the Calvin Room. It's simple to distinguish what goes in the garbage (landfill) and what can be recycled within our church. See the list (below) to sort items before you throw them away.

Please help do your part by taking a second to determine which bin the item you are disposing of goes in. Church volunteers will empty the blue bins after church on Sundays, and will be placed in the two larger recycle bins that are placed outside the church on Tuesday mornings for the city recycling trucks.

Each of us, no matter what age, can be good stewards and care for this beautiful church and its grounds that God has entrusted to us!!

RECYCLE IN BLUE BINS

- Water Bottles
